

Natural Resources Outreach Coalition (NROC)

Planning for Growth in Milton Follow-up Meeting Reminder 7 - 9pm on Thursday June 14, 2007 Nute High School - Cafeteria

From: Amanda Stone, UNH Cooperative Extension, NROC Coordinator

To: Attendees at the June 6 Planning for Growth in Milton presentation, and other interested people

A meeting to follow-up on the June 6 Planning for Growth in Milton presentation by the Natural Resources Outreach Coalition (NROC) will be held from 7-9pm on Thursday June 14, 2007 in the Nute High School Cafeteria

Please join us for this important follow-up meeting. This will be the time to begin putting your goals into action with the support of the Natural Resources Outreach Coalition.

We look forward to seeing you there!

The purpose of this meeting is for the citizens of Milton to prioritize their natural resource-based planning goals and concerns. This meeting will start the process of developing a one-year work plan that identifies ways in which NROC can assist Milton with achieving the results prioritized by the group at the follow-up meeting, NROC staff will facilitate the meeting, and Milton residents will provide the input to identify goals and priorities.

This is a great opportunity for citizens to become involved in shaping the future of Milton.

Community participation is key to the success of this program.
