Also present: Town Administrator Elizabeth Dionne, Selectman Tom Gray, Selectman Bob Bridges, Chief Krause, Pat Smith DPW Director, and Natalie Kelley. Rebecca Dean, Recording Secretary.

Chair Woodruff changed the order of the agenda by taking member's comments first.

Bob Carrier expressed concerns over his recommendations; felt they weren't taken into consideration. Tom Gray handed out materials, which explained the definition of Capital Reserve funds. Bob Carrier said he felt the budget is more of the selectmen's budget than the committee's. Chair Woodruff stated that the MS7 form has not been seen until the very end of the process in his past experience, and having to fill everything out now is a big process change. He cited RSA 325:3 information on the process. Copies of the MS7 form were distributed and the only column filled out for dollar amounts was the numbers in column 4.

Larry Brown **MOTIONED** to reconsider the motion from last Tuesday to reduce the Selectmen's budget and send 3,650,000 bottom line figure as Budget Committee recommendation. Seconded by Jennifer Crone. Discussion: Stan Nadeau asked for clarification; Chair Woodruff explained that rescinding and reconsidering would make the process easier. Larry Brown said that lines came back filled out in the past. There has been very tight budgeting but people do not see or understand this. The adjustments and suggestions by Bob Carrier to reduce were careful and helpful, which helped arrive at the bottom line. Doug Shute moved to question. In Favor: Shute, Nadeau, Crone, Brown, Kelley, Ohlenbusch, and Beaulieu. Opposed: Carrier, Woodruff. Motion carried 7-2.

Chair Woodruff read the rules regarding the process.

Stan Nadeau discussed the COLA and merit raises, which total \$37,480.79. Cutting this could be a good start, then \$10,213 would come out of benefits line, and work is done. Larry Brown pointed out that the form doesn't have information filled in for the BOS budget. He wants to have a budget that supports the employees and the town, and said he was uncomfortable working without all the final figures being provided on the form.

Voting: In Favor: Shute, Nadeau, Crone, Brown, Kelley, Ohlenbusch, Carrier, Woodruff. Opposed: Beaulieu. Motion carried 8-1.
