Meeting Minutes  
Saturday June 20, 2015**

**Present:** Initially John Katwick (Chair), and Gordy Maness; Larry Brown had a previously scheduled engagement, but was able to join the meeting around 10am

**Meeting was called to order at 8:00 am by John Katwick, Chair.**

**New Business:**

We got in John's car and drove to Lockhart Field and began our review of our cemeteries. We are trying to go to each one in the order they are listed in our master cemetery list, so the number below corresponds to our master list. At each one visited we took a picture and recorded the present condition.

1. Staples Cemetery - Good condition. Only needs a general cleanup
2. Twombly - Good condition, the far right corner stone needs to be stood up.
3. Clements - Unable to visit, will go back after the hay field is cut
4. Tasker - Poor condition, Met with current landowner and received permission to drive across their property to access the cemetery. Also given permission to lay all the cut brush/trees over the backside wall of the cemetery. Cemetery is overgrown with brush and small trees. After the brush/trees are cleared we will need to assess the condition of the stones.
5. Ellis - Good condition, 2 stones are down and need to be reset. Met with landowner and got permission to access cemetery, continue maintenance and park in driveway.
6. Doe, Pugh, Horne - Good condition. Cemetery has perpetual care funds, but is maintained very well by the landowner.
7. Scates - Good condition; however, many of the stones need to be reset.
8. Scates, Tasker - Fair condition. General cleanup needed, 2 stones are broken and need to be glued.
9. Plummer, Jones, Palmer - Did not visit
10. Town Farm - Good condition; however, 2 back graves are badly sunken in and need to be filled with dirt.

We also tried to visit #12 George Dorr; however, the homeowner was not home, so we chose to try at a later date.

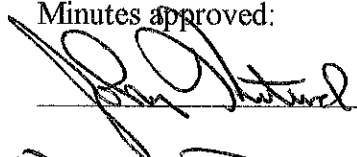

Our next meeting date/time will be determined in the near future.

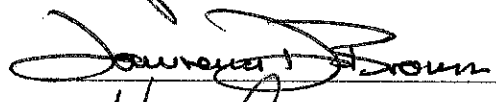

Meeting adjourned at 11:00 am.

Respectfully submitted,

Gordy Maness
