2012 General Election
Tuesday, November 6, 2012
Emma Ramsey Community Center
424 White Mountain Highway
Milton, NH 03851
8:00 am - 7:00 pm

Between November 1, 2012 and September 1, 2013, any voter who does not present an approved photo ID will be permitted to vote after executing a "challenged voter affidavit."

A voter who does not have an approved photo ID may obtain a free photo ID for voting purposes only by presenting a voucher from their town/city clerk or the secretary of State to any NH DMV office that issues identification.

Is there any post election action required by me after I vote without an approved photo ID?

After November 1, 2012, if your filled out a "challenged voter affidavit" in order to vote on Election Day, you will receive a verification letter from the Secretary of State, requesting confirmation that you voted in the election. If you do not respond in writing to the Secretary of State within 30 days of the date it was mailed, the Attorney General will conduct an investigation to determine whether fraudulent voting occurred.

Where Can I get more information? Your city or town clerk or the Secretary of State.

Town Administrator's Report

I trust that everyone in town made it without too many problems during the recent storm. Starting this Saturday, the New Hampshire deer season kicks off for muzzleloaders, please use caution while walking or using our woodlands and as always, wear a red vest or red hat for your safety.

The budget season is here and all department budgets are in. The Board of Selectmen and the Budget committee will be working to get a final budget put together to town meeting. We also received out tax rate from the state and it was set at \$ 24.70 this is a \$.68 per thousand increase. We are hoping to get the last half of the tax bills out by mid-November.

As everyone by now has heard, Tony Mincu our town administrator has resigned from the town of Milton. Tony received a standard pay package of 3 months salary and 6 months of health insurance (single person) as required by his contract with the Town of Milton.

In the two years that Tony was with us, he did an outstanding job in controlling the budget and he did it without having to take out TANS. The Board of Selectman wish Tony good luck and hope he does well in his new endeavors.

Two items of interest to mention is one, the Town-house Bridge has been removed on the Milton side and the Quonset hut at the site of the new fire station has been removed.

We are in the process of hiring a new town administrator and we are trying our best to keep things running as smooth as possible, please bear with us during this time.

Milton Fire and Rescue

November Report

Like the Town of Milton, our Fire-Rescue Department survived Hurricane Sandy with minor inconveniences. Minor in that the department also lost power but compared with our recent past history of floods and ice-storm, less than a day without power seems negligible. Keeping everything in perspective, the department prepared for the storm the previous two days and was staffed overnight, responding to more than twenty calls. There were several road closures. Every attempt was made to keep people informed of the hazards and re-open them as soon as possible. Technology has been helpful with informing the public by using Facebook. The department would like to express its sincere gratitude to the residents of Milton for their support during the state of emergency throughout New Hampshire. Your cooperation with preparing for the storm, heeding warnings during the storm and the post storm clean-up, made our jobs easier and safer. Thank-you.

With the loss of power, Milton Fire-Rescue would like to take this opportunity to remind everyone to practice the safe use of generators. The New Hampshire State Fire Marshal's Office has an information sheet on their website explaining the need to keep generators at least ten (10) feet from any building which is occupied. Just as you would not park a car so the fumes from the exhaust are able to enter a home, neither should your gas powered generator's exhaust enter your living establishment. Carbon monoxide is a real killer. It is colorless and odorless but like the wind it is still there even if you cannot see or smell it. Carbon monoxide is heavier than air and will sink into low lying areas. Please be aware of where the generator's exhaust is and keep it a minimum of ten (10) feet from any building. Having a properly installed carbon monoxide detector will help identify a hazard but know that common sense and safe practice is the easiest and best way to avoid an emergency.

The Milton Fire Station plans are moving forward. The past month's progress has led to the creation of a set of plans which have been presented to the building committee for review and revisal. Minor changes have been made and currently Eckman Construction is in the process of calculating the financial expenses before the guaranteed maximum price is identified.

As November is now here, so comes the season of being thankful. The committee is currently developing a website to post the plans and any pertinent information concerning the construction project. This website will be: www.miltonfirestation.com.

It is a time of year where we reflect back on the little things that we so often take for granted. Things like our health and our neighbors. Milton Fire-Rescue wishes to reiterate our appreciation of the Milton residents. Their cooperation during a significant event like the hurricane reminds us of the wonderful people in this town. Milton Fire-Rescue also sends out our thoughts and prayers to those who did not fare so well during the event of hurricane Sandy.

FAQ 2012 Holiday Program

The mission of Community Action Partnership of Strafford County is to educate, advocate and assist people in Strafford County to help meet their basic needs and promote self-sufficiency.

Our 2012 holiday program is to help provide Thanksgiving and Christmas food baskets to individuals and families as well as children's books (new and gently used) and winter hats, gloves and socks for children for ages 0-12. Our program is dependent upon community donations.

Question: In the past, I have gotten toys through Community Action. Where can I get them this year?
