Milton Fire and Rescue

Milton Fire-Rescue actively tried to fund raise this summer in an effort to help offset the cost of the new fire station. Members know that it is not practical to think the whole project can be funded through fundraising but every effort has and is being made to try. During the months of June and July, members sold raffle tickets for prizes to be awarded each day in the month of August. With the help of our donors and all the supportive purchases, Milton Fire-Rescue had the LARGEST fund raising event of its history. We were able to raise \$5000. Every member of the department is grateful for all the support which was shown during this event!

In addition, a big thank-you goes out to a variety of "Friends" who made anonymous donations. and we recognize them with sincere appreciation.

Along with the calendar raffle as a fund raiser, Milton Fire-Rescue has attempted to raise money through corporate solicitations. Iron Mountain has generously made a donation of support and we recognize them with sincere appreciation. The money raised has gone into a special "station" fund with Milton Public Safety Association.

These funds will one day be used to help off set cost associated with the creation of a new fire station. These fundraisers were completed in addition to our annual food sales that we host at the Mi-Te-Jo tractor pulls. For several years now, the campground has provided an opportunity for the Milton Public Safety Members to raise money by selling food to the attendees of two events both in June and September. In addition, Mi-Te-Jo has generously collected and donated aluminum cans to be recycled and the funds donated to the association. Their annual support is beyond description.

With the conclusion of summer, we witnessed devastating fires and flooding out west. People had to evacuate on a moments notice often leaving behind personal valuables. We are very lucky to live in New Hampshire where we have not had to deal with such catastrophic events. Perhaps our memories of the flooding of 2006 & 2007 still linger but for the most part, life has resumed its normal path. Please be mindful though and still be ready in the event of an emergency. If you are looking for how to become more prepared, there are two websites designed specifically for emergency preparation. You may find them at: www.nh.gov/readynh and www.ready.gov.

Arriving with this edition of the Milton Gazette, will be National Fire Prevention Week. The department has the typical educational programs scheduled at the schools. If you would like a tour of the Milton Fire-Rescue station and an opportunity to see the tools of our trade, please contact the department at: 603-652-4201 and we will schedule a tour at a convenient time for you and anybody you wish to bring with you.
