Milton Fire and Rescue

October Report

Milton Fire-Rescue is ready for fall, the apple picking, pumpkin carving and Fire Prevention Week! October 6 through the 11th is the week recognized around the United States as a time to remember to be Fire Safe! For several years, maybe decades, Milton Fire-Rescue members have enjoyed going into the Milton Elementary School to teach fire prevention to the younger grades. This year we will be doing a similar program teaching students to "Stop, Drop and Roll" if their clothes catch on fire; we remind them to test their smoke detectors and to practice fire drills even at home. Although we go into the school to work with younger students, these lessons are good for every one of every age.

October will also bring the beginning of the "holiday season". Halloween kicks off a season of holidays with costumes and candy. Milton Fire-Rescue members enjoy a good time and for the third year in a row, will be hosting the Milton Fire-Rescue Open House for ALL ages. Costumes are encouraged. Prizes and refreshments will be on hand. This will be held on the night of Trick-or-Treat, Saturday, October 31st 5:00 - 8:00 pm. So while you plan your Trick-or-Treat route, be sure to include a stop at Central Station on White Mountain Highway and enjoy all the activities.

Due By
May 1, 2016**

MILTON -- The Nute Wall of Distinction selection committee is looking for nominations from the public for Nute High School graduates, 1895 through 2010, who have excelled in their lives and professions.

The Nute Wall of Distinction was developed to recognize Nute alumni who have distinguished themselves after high school in at least one area; public service, athletics, the arts, sciences, the military, education, and business. The Nute Wall of Distinction honors graduates who after graduation have achieved high levels of success in their chosen fields. The selection of new inductees takes place every two years, and inductees will have their names inscribed on the Wall of Distinction, located in the Community Room of the Nute Library. This honorary recognition program arose from New Hampshire's best Schools Initiative.

For information about the Wall of Distinction, to read about the inductees, or to access a nomination form, go to the Nute Middle/High School website and click on Community Connections. Nominations may be mailed to Scott Currier, Principal, Nute High School, 22 Elm St, Milton, NH 03851 or e-mailed to scott.currier@sau64.org. Include a brief biography of the Nute graduate and his or her accomplishments. Nominations will be accepted through May 1, 2016. The award ceremony will be held on October 7, 2016

Skywatch with the New Hampshire Astrological Society October 31, 2015 at 6:30PM at the Milton Town Beach:

A "Skywatch" is simply a gathering of amateur astronomers with a focus on outreach and education for a private group or for the public at large. A Skywatch is by definition "beginner-friendly." At a skywatch our focus is on giving you and your group the most enjoyable and educational experience possible!

How does it work?

Our members will arrive before sunset, set up their equipment and choose their celestial targets with public education and outreach in mind. An educational slide presentation may also precede the skywatch if a suitable venue is available. We try to work with the requesting organization to schedule these events at locations where streetlights are not visible since you can see more deep sky objects like galaxies under these conditions. However, the Moon and planets still make wonderful targets in more light-polluted areas. On nights when the Moon is visible we try to schedule events around the first quarter moon (as opposed to full moon) because the low sun angle on the moon around first quarter allows Lunar craters and mountains to be seen in much more pleasing detail. Solar observing with special filters is also possible during the day, but use caution and never look through any kind of telescope (even a small one) at the sun without proper filters.

1000 Books Before Kindergarten:

Do you want to give your child an advantage that only you can give? Do you want your child to start school ready to learn to read? Then challenge your family to read 1000 books before your child starts Kindergarten! It CAN be done! It's easy! Let us help you get started today!

Phase One renovations on the "Little Red Schoolhouse" are almost completed

The building that houses the Milton Free Public Library has undergone some needed repairs. The outside of the first floor has been resided and painted. The rear egress has been refigured as well.

Join us for a ribbon cutting of the new accessibility lift

The Milton Free Public Library has installed a lift to make your library more accessible to all our patrons. We will officially "open" the lift with a special ribbon cutting ceremony Saturday, October 18th at 11:00 AM behind the library.
