DATA SOURCES

Base features are from USGS 1:24,000 scale Digital Line Graphs, as archived in the GRANIT database. All base features distributed by Complex Systems Research Center, Durham, NH. Digital data in NH GRANIT represent the efforts of the contributing agencies to record information from the cited source materials. Complex Systems Research Center, under contract to the NH Office of State Planning, and in consultation with cooperating agencies, maintains a continuing program to identify and correct errors in these data. OSP, CSRC and the cooperating agencies make no claim as to the validity or reliability or to any implied uses of these data.

1998 digital parcel data is archived in SRPC's GIS database. SRPC makes no claim or legal representation of data. The data is displayed for general planning purposes only.

Shoreland Protection Boundary was delineated by SRPC staff following the guidelines specified in the "Shoreland Protection Overlay District" Warrant Article.
